ADVANCED MANUFACTURING AT CLYDE GATEWAY EAST

Clyde Gateway East is Glasgow's newest Advanced Manufacturing destination, with three new units in the development pipeline totalling approximately 5,369 m² (57,791 ft²) of high specification space.

This new generation of industrial property incorporates sustainable and low carbon components to enhance your company's ESG* credentials.

*Environmental, Social and Governance

Less than half a mile from Junction 2A of the M74 motorway and only 10 minutes from Glasgow City Centre, Clyde Gateway East offers the ideal base from which to service Glasgow and Central Scotland markets.

Designed with sustainability in mind, Clyde Gateway East incorporates a Sustainable Urban Drainage System (SUDS) and access to a "Smart Grid" to improve the efficiency, reliability and economics of your power needs.

The high quality landscaped surroundings and access to the River Clyde Walkway offer an environment your staff will enjoy with nearby amenities including Premier Inn hotel, Table Table bar/restaurant, McDonalds and Costa Coffee. Clyde Gateway East offers a compelling combination of location, sustainability and amenity to allow your business to grow and succeed.

Developer

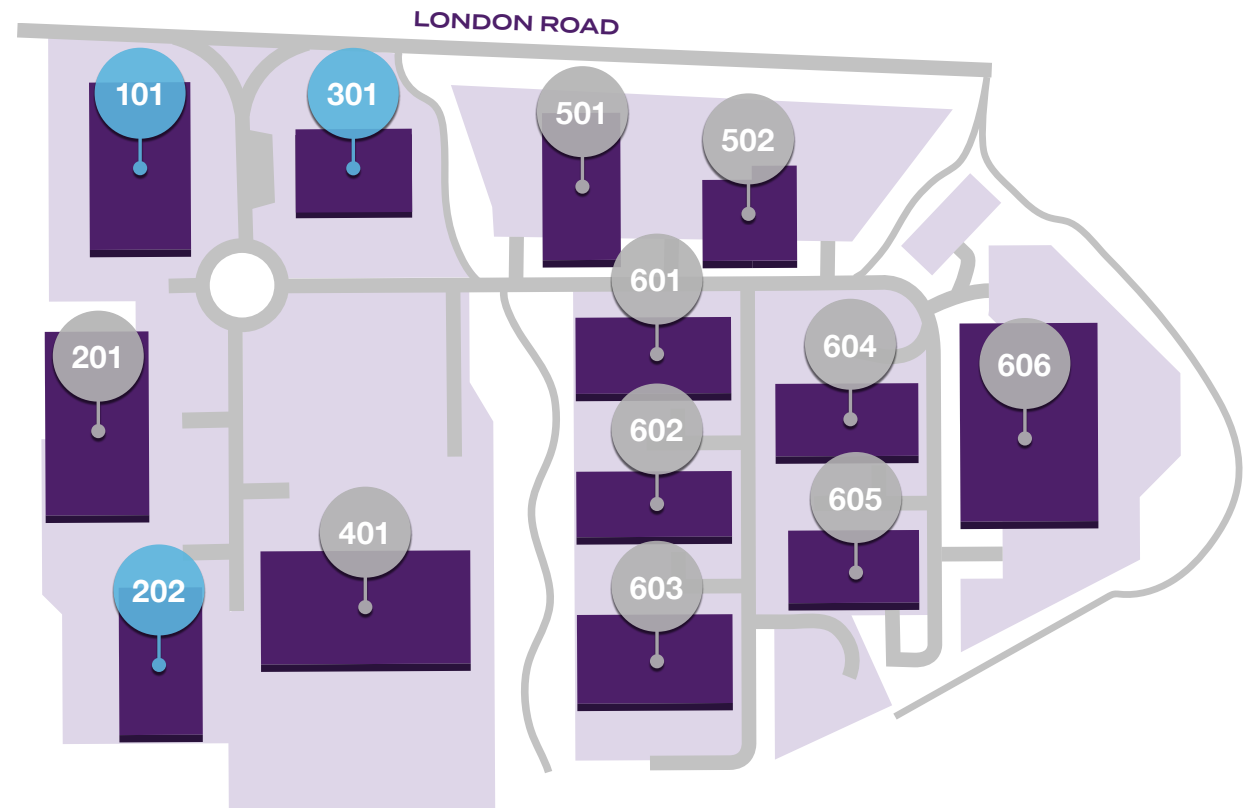

Clyde Gateway is actively delivering Scotland's largest and most ambitious regeneration programme across 340 Hectares (840 acres) of land in the east end of Glasgow and neighbouring South Lanarkshire. Through investment in the local communities, infrastructure and economy, Clyde Gateway is committed to securing the area's long term sustainable future. cgebusinesspark.com

Each unit offers an impressive specification including secure yardage; dedicated parking including EV charging; Low energy LED lighting; office heating via air source heat pump; roof mounted PV panels and FTTP fibre connection.

Modifications or complete bespoke solutions are available and an experienced design team is on hand to convert your ideal specification into a fully developed solution.
