Description

Occupying 2 acres of mainly brownfield land, Ashwell Business Park has a range of workshops, a single storey office building and a semi detached house, currently used as office/welfare. The remainder of the land is part car park and part woodland with potential for development.

The land lies alongside the Langham Brook which caused some flooding and development will need to take account when setting new floor levels. The site lies within Flood Zone 3 although some areas are flood zone 1 or 2

2 of the 4 Industrial Workshops are currently tenanted with tenants "holding over" and new leases can be agreed if required. The single storey Office/storage hub is now vacant. The Semi Detached former house is vacant.

Drainage is currently to a septic tank which also serves the adjoining roadside semi detached house and the septic tank is within the site boundary being sold. To the South, the land adjoins land owned and occupied by Rutland County Council's Highways department, to the West is the Oakham Road and to the North and East are agricultural fields.

Location

Situated 2 miles North of Oakham Town centre in Rutland the Ashwell Business Park is between the Oakham Enterprise Park and Ashwell Garden Centre on the Oakham Road leading North. The A1 to the North and South can be accessed at Greetham 7.5 miles to the North East and the M1/M69 at Leicester is around 30 miles to the West.

Viewings

Viewing can be arranged via the marketing agents on 01664 431330 or by email office@pandfcommercial.com.

Terms

Offers are invited on an unconditional basis for the freehold of the land and buildings. An overage agreement will be required for any change of use for residential development, the final terms for which will need to be agreed. Offers in excess of £550,000 supported by proof of funds will be considered and any offer will require Council Committee approval prior to Solicitors being instructed. Purchasers will be required to provide an undertaking for £1,500 + VAT towards the Vendors legal fees, payable whether the transaction completes or not.

Services

Mains Electricity and Water are connected to the site. Drainage is to an onsite septic tank. Gas is not connected to the site but is believed to be in the Oakham Road.
