The Property

Sakura is an architecturally unique insulated concrete formwork (ICF) property, situated on the highly sought-after Potters Bank in Durham. This newly developed home draws inspiration from Japanese design principles, emphasising simplicity and harmony with the environment, while combining cutting-edge building techniques with practical living.

ICF construction offers an energy-efficient living environment, featuring underfloor heating and high thermal mass properties that help to stabilise temperatures throughout the year. The thick, insulated walls not only provide exceptional soundproofing, reducing noise from the surrounding urban setting, but also contribute to the home's remarkable structural integrity. Reinforced with concrete and steel, this durable construction ensures long-lasting quality and resilience, offering homeowners peace of mind that their investment is built to stand the test of time.

Accessed via a private, landscaped approach, Sakura's bold black standing seam roof and minimalist Tata Steel façade create a striking first impression. Spanning 3,003 sq ft, the ground floor offers an expansive, open-plan kitchen and dining area, equipped with high-spec appliances and sleek, modern cabinetry. Large glass bifold doors flood the area with light and lead to the private rear garden. An adjacent utility room provides additional convenience, which leads to the integral double garage.

Upstairs, the same minimalist design is maintained, featuring a spacious and thoughtfully arranged layout. The principal suite, with its expansive floor-to-ceiling windows, provides a light-filled retreat, offering serene views of the landscaped garden. The luxurious en-suite boasts sleek, contemporary fixtures, including a bath and a walk-in rain shower.

The additional bedrooms are generously sized, designed with modern simplicity in mind, and offer built-in storage for added practicality. Two additional bathrooms on this floor ensure convenience for family and guests, each fitted with high-end finishes and walk-in showers, maintaining the home's overall sense of understated luxury.

Externally

The rear garden is bordered by mature trees and hedging that ensure privacy and seclusion. A well-maintained lawn stretches across the garden while a paved terrace, accessible from the open-plan living area, provides the ideal setting for alfresco dining.

Agents Note

The homes are clad in standing seam Tata Steel roofing that comes with a 25-year guarantee. The Guarantee is “solar ready” – allowing the home owner to put clip and fix solar panels on the roof at any point in the guarantee duration.
