What our customers say

Photography at Cross Trees Park

“ Having stopped in the village on one of our holidays, we knew it was where we wanted to be. Both of our children work nearby, and we’re only an hour away from our parents, so we’re still able to visit them regularly. Knowing that almost everything we could need was just a short walk away and in such a beautiful

location was a huge positive for us, as location was high on our wish-list. This is definitely a forever home for us now, and we couldn’t be happier with the way it’s turned out. ”

Sustainability the Cala way

Cala has a rich heritage originally dating back to 1875. We started building homes in the 1970s and, for over 50 years, have been creating high quality, sustainable new homes and communities. However it is not just what we do, but the way we do it that matters to Cala.

Thinking sustainably is at the heart of everything we do; from identifying the right sites, through creating a safe, healthy and fulfilling working environment, to taking a sensitive approach to development and delivering communities that meet local requirements.

As part of our sustainability journey we are aiming to reduce our paper usage by 90% across the company, including the customer journey, which is why we are aiming for online-only brochures at our developments.
