Newton Green is a pretty, highly regarded village well known locally for the golf course which stands in the centre linking with the parish green. This quaint Suffolk village has a popular public house and provides fast access to the market town of Sudbury 3 miles, which offers excellent recreational facilities and a branch line railway station. Residents of Newton Green are entitled to free golf, across 9 holes on the village course. The town of Colchester is only 11 miles and provides a comprehensive range of amenities and commuter rail links to London Liverpool Street Station (approximately 50 minutes).

Set immediately adjacent to the twelfth green, tucked away in a private position within Newton Green Golf course, a rarely available, unlisted, period cottage having benefitted from a comprehensive programme of modernisation and extension over recent years, enjoying unlisted status and arranged via two ground floor reception rooms. Blending distinctive period detailing with contemporary features and character with notable characteristics including brick fireplaces with oak bresummer beams over, wood burning stoves, UPVC framed double glazed windows and doors, exposed ceiling timbers and a stone topped fitted kitchen extension. Sited exceptionally well within its plot, the property offers an outstanding aspect across the golf course with further benefits including garaging, a partial tandem driveway and generously proportioned gardens with established border planting, a raised decked terrace, useful external stores and a range of densely planted beds with established border planting and attractive walkways.
