### Location

The land is situated to the south of South Marsh Road, to the east of the popular village of Stallingborough, within the county of North East Lincolnshire and is offered for sale as strategic arable land. The land lies within 4 miles of Immingham and Grimsby Docks which make up two of the South Humber Gateway Ports; the busiest ports in the country in terms of tonnage. Good access to the national motorway network is offered with the A180 being under 1 mile away.

### Description

The land comprises a regularly shaped arable field, extending to 10.28 acres (4.16 hectares), or thereabouts and is offered for sale as a whole. The field is registered on the HM Land Registry as part of Title number HS381862.

The land is laid to environmental stewardship as part of the Sustainable Farming Incentive and is classified as being Grade 3 on Sheet 105 of the Provisional Agricultural Land Classification Maps of England and Wales as historically published by the Ministry of Agriculture, Fisheries and Food. The Soil Survey of England and Wales identifies the soils as being from the "Newchurch 2" association with their characteristics described as "deep stoneless mainly calcareous clayey soils" and as suitable for "cereals, sugar beet and potatoes", which is typical of the area.
