WITH PASSIVHAUS STANDARDS,
THE FUTURE IS ALREADY HERE.

GREEN MEADOW

PASSIVHAUS STANDARDS

Green Meadow is an inspired development which showcases a remarkable collection of exquisite new homes meticulously designed and constructed in accordance with Passivhaus Standards.

These cutting-edge standards aim to revolutionise the way we think about housing by focusing on energy efficiency and sustainability. Each home within the Green Meadow community is a testament to this commitment, offering a host of benefits that go far beyond mere aesthetics.

One of the key advantages of these Passivhaus homes is their ability to significantly reduce heating costs. Through innovative design principles, superior insulation, and airtight construction, these homes minimise heat loss, ensuring that residents enjoy a comfortable living environment while consuming far less energy. These homes prioritise the occupants' well-being by enhancing indoor air quality through a continuous supply of fresh air.

In addition to the remarkable energy savings and improved air quality, the homes here offer a range of other advantages. The meticulous design and construction also result in exceptional noise reduction, shielding homeowners from external disturbances and ensuring a tranquil living experience. Furthermore, the homes' durability is a testament to their quality, ensuring that they will stand the test of time and provide a lasting investment for homeowners. Finally, by adhering to Passivhaus Standards, Green Meadow minimises its environmental impact, contributing to a reduced carbon footprint and a greener future for all.

A SCENIC SETTING TO CALL HOME

Nestled in the picturesque countryside of Norfolk, Whittington offers a tranquil and idyllic retreat. Situated in close proximity to the market town of Downham Market, residents of Whittington enjoy the best of both worlds – a peaceful rural location and easy access to modern amenities.

Whittington's rural setting provides a serene environment, perfect for those seeking a slower pace of life and a strong sense of community. The village is surrounded by lush green fields, charming woodlands, and meandering

streams, offering ample opportunities for outdoor activities such as walking, cycling, and birdwatching. The scenic beauty of the Norfolk countryside is truly at your doorstep.

For major amenities, Downham Market is just a short distance away. This thriving market town boasts a range of shops, boutiques, cafes, and restaurants. The town also hosts a regular market, where locals can browse a variety of fresh produce, local crafts, and other goods.

The town also has a mainline train

station. This station provides excellent transport links, connecting the area to major cities like Cambridge and London, or even to the Norfolk town of King's Lynn.

Commuters can enjoy a hassle-free journey, with regular train services offering quick and convenient access to these urban hubs. Whether it's for work, leisure, or exploring the cultural and educational opportunities available, having a reliable train service at your doorstep opens up a world of possibilities.

SITE PLAN

THE SHIPDHAMS (Plots 1, 2 & 7)

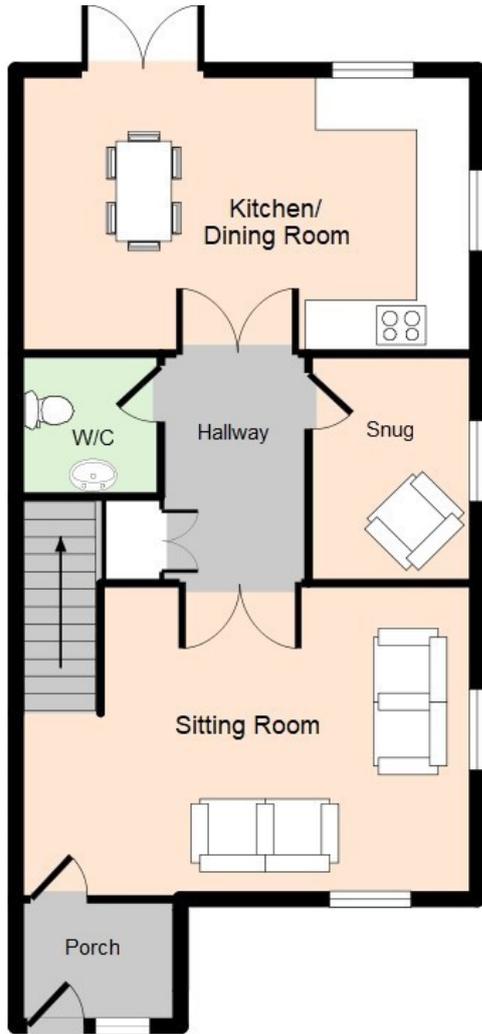

Semi-Detached Homes
Three Double Bedrooms
Principal Bedroom with En-Suite
Accommodation Extending to Around 1,281 sq. ft.
Ample Driveway Parking and Single Garage
Rear Terrace and Enclosed Rear Garden

THE DEVELOPER

Green New Builds is a Norfolk-based family-run business. This husband and wife duo have established a strong reputation for themselves by creating bespoke developments which showcase variety and character. Their projects boast a high-quality finish that extends to both the internal and external elements.

With a focus on designing sympathetic additions to the rural landscape, Green New Builds takes pride in enhancing the surrounding communities. Their homes are meticulously planned to meet the demands of modern living, whilst preserving flexibility and charm.

Green New Builds' commitment to creating homes which blend seamlessly with their environment, and cater to contemporary lifestyles, sets them apart in the industry. Their projects reflect careful consideration, resulting in properties that stand out as proud enhancements to their communities.

SO, WHAT ARE THE BENEFITS OF PASSIVHAUS STANDARDS?

We've spoken about the exquisite new homes meticulously designed and constructed in accordance with Passivhaus Standards, but if you're unsure what that means - we're here to help!

HEALTH

A continuous fresh air supply while fine filters keep out dust, pollen and other particles. Perfect for those who suffer from allergens.

WEALTH

Up to 90% reduction in heating and cooling costs thanks to a ventilation system minimising energy consumption, triple glazing and high-quality insulation.

COMFORT

The home maintains constant pleasant temperature with fresh air supply and engineered to keep allergens and germs at bay; triple glazing ensures peace and quiet.

DURABILITY

Airtight construction, triple glazing and high quality insulation engineered for the future.

EARTH

Build style and materials along with reduced running costs ensures you maintain a low carbon footprint

FUTURE

A home which looks after you and the planet; a ventilation system which keeps particles out and a low carbon footprint.
