ACCOMMODATION

Well presented throughout having been upgraded and well maintained by the current owners the property provides good spacious living and has the benefit of an impressive garden. The extended living dining space runs front to back and opens out at the rear via double doors to the garden. The dining area is bay fronted and overlooks the driveway. The kitchen is a good size, having been extended, and has a range of fitted units. A door leads from here to the gated side driveway which like the front driveway is block paved. On the first floor there are three bedrooms, the larger two are both double rooms and the third a good single/study.

The family bathroom is tiled and has both a bath and separate shower. Externally the property benefits from a large and well kept garden. There are two patio areas and a large lawn. Of particular interest though is the large summer house, complete with power.
