A truly sensational modern barn conversion, now forming an eco-friendly, spacious, detached residence comprising 3/4 bedrooms, en-suite, family bathroom and cloakroom/utility, sitting room and fabulous kitchen/dining/family room to make the most of the stunning rural views, plus a heated swimming pool, detached garage and ample parking, set within approximately 2.3 acres of gardens and paddock between the popular villages of Mayfield and Wadhurst.

NO CHAIN. EPC rating C

Meadow View is a cleverly converted, contemporary, modern barn conversion, making the most of some of the latest technology to produce energy, such as photo-voltaic panels and air-sourced heat pumps, matched to large double glazed aluminium windows and under floor heating throughout, with Karndean coverings and modern fixtures and fittings, as one would expect from such a quality conversion.

The views are wonderful and extensive, as the house backs onto open fields and rolling countryside, predominantly owned by Wadhurst Park, and forming part of their re-wilding program.

One enters via a large, open porch, with wide doors to the hallway, with stairs leading up to the first floor, and a door into the cloakroom at the front of the house, also forming a useful utility/laundry room.

The beautiful, open plan kitchen/dining/family room at the rear of the property makes the most of the beautiful views, as well as leading out to a paved, alfresco dining space immediately beyond the bi-fold doors. The kitchen is crisp and cutting-edge in terms of aesthetic design, with

several fitted store-cupboards, and several fitted appliances to include a wine fridge, fridge, freezer, two ovens, induction hob and a sink inset into the corian worktops. There is a contrasting central island with a breakfast bar.

The large glass roof lights and huge bi-fold doors and windows allow the light to flood in, as well as bringing the views to all parts of the room. There is ample space for table and chairs, plus sofas and a TV.

The sitting room is a further dual aspect room, with its own patio and facing the front and side

gardens. There is a large wood burner with external flue to one corner.

Along the central hallway is a fourth bedroom/office facing the front, with a built-in set of cupboards, shelves and desk space.

Beyond is the master bedroom, which is a fabulous room, opening onto its own private paved patio, complete with the swimming pool. There is a large array of fitted wardrobes to one wall, and a door to the striking, 'Fired Earth' en-suite, comprising a walk-in shower, WC and basin atop a vanity unit, plus a modern, free-standing bath with central taps.

Another door from the bedroom leads into the plant room, with a window to side, and a pressurised water cylinder, Photo-voltaic inverter and air sourced heating controller, plus electrical consumer units and the under-floor heating manifolds.

The first floor provides a wide, open landing with a glass balustrade and two roof lights. The two bedrooms on the first floor are enormous, with fitted wardrobes and cupboards to one wall, roof lights and a shared bath/shower room, comprising a shower, WC and basin. It is considered that there is more than enough space for a bath, should one want to have to, or indeed, to form a further en-suite. There is also a storage room accessed from the landing.

Outside the house is located at the end of a gravel driveway, tucked well back from the lane, with electric gates. There is ample parking and turning space, with access to a detached oak framed garage and carport. The wide, paved steps lead down from the driveway to the front door, and onto paths around the house to the various patios and seating areas, and the main entertaining space by the kitchen, which enjoys the best of the views.

The pool area is tucked into a secluded, sheltered suntrap, accessed via the main patio and the master bedroom, enjoying an electric cover and with electric heating and pumps. It really is like being on holiday!

The main garden is at the front and side of the house, with a large play area, mainly laid to lawn, with mature hedges, specimen trees and a mature fir/pine copse. There is a further area with several maturing fruit trees, as well as a man-made pond and to one side, a set of raised vegetable beds and a greenhouse. The roses along the fence by the patio are gorgeous.

A five bar gate leads into the two paddocks beyond the garden, which in turn has further gated access to the lane, all enclosed by hedges and post and rail fencing. In total, the whole plot is believed to extend to just over 2.3 acres.
