Greys House, Pudding Pie Lane

Greys House is a beautifully designed, custom-built detached family home, constructed in 2022. This thoughtfully planned property offers versatile ground floor accommodation, including three reception rooms, along with five generously sized bedrooms and four bathrooms upstairs—three of which are en-suite. The property also benefits from a landscaped garden that includes smart composite decking directly adjoining the house, a low-maintenance lawn, and an open outlook over the surrounding area. Modern technology further elevates this home's appeal, with features such as an air source heat pump, an in-roof solar panel array, and triple-glazed aluminium-framed doors and windows—all contributing to exceptional energy efficiency, which is more important than ever.

Striking design elements enhance the interior, such as a feature fireplace in the sitting room, an impressive galleried landing, and sleek contemporary styling throughout. High-quality fixtures and fittings, including oak doors, contribute to the home's refined finish. This stylish, turnkey property is ideal for those seeking a premium, low-maintenance lifestyle—ready for you to move in, unpack, and start enjoying immediately.

Interior

A welcoming front door opens into a spacious hallway with a convenient downstairs cloakroom and cupboard under the stairs for coats and shoes. To the left is the sitting room—a bright, elegant space enhanced by two floor-to-ceiling windows and a attractive feature fireplace with inset log burner. To the right of the hallway is a versatile second reception room, currently used as a home office, but equally suited as a snug or playroom.

At the rear of the property, the impressive open-plan kitchen/dining/living room spans the full width of the house. The kitchen is fitted with chic grey cabinetry, contrasting white worktops, and a breakfast bar. Integrated appliances include a dishwasher, induction hob, twin ovens (including a microwave and warming drawer), and there's space for an American-style fridge freezer. The dining area features French doors that open onto the decking—seamlessly blending indoor and outdoor living—with ample space for a large dining table. At the far end, a cosy living area offers a tranquil spot in which to relax.

A practical utility room completes the ground floor, with space for both a washing machine and dryer, plus access to the garage.

The upper floor is finished to the same high standard as below. There are five bedrooms, including a luxurious principal suite with fitted wardrobes and an en-suite featuring a walk-in shower. Bedrooms two and three also have their own en-suite shower rooms, while bedrooms four and five are served by a stylish family bathroom.
