If you're looking for a spacious, character-filled home with a fantastic layout and a private garden that's perfect for entertaining, this beautifully presented five-bedroom detached property might just be "the one." Tucked away behind electric gates and just a short walk from Ashby-de-la-Zouch town centre, this home offers a wonderful balance of style, space, and practicality – ideal for modern family life. The property benefits from no upward chain, peace of mind with CCTV, EV charging point and solar panels offering free electricity and energy efficiency.

The moment you step through the smart UPVC front door, you're welcomed into an inviting hallway. From here, the home unfolds beautifully, with rooms arranged around a central hallway that feels both open and cosy.

At the front of the house, the main sitting room is full of natural light thanks to its charming walk-in bay window and additional side window – the perfect spot to catch the morning sun. A living flame gas fire with a raised hearth and elegant surround adds warmth and character to this lovely space.

Just next door, you'll find a second reception room, ideal as a formal dining room or a relaxed family space. French doors open directly onto the sunny, south-facing patio and rear garden, creating a seamless connection between indoor and outdoor living. A glazed internal door leads through to the kitchen, keeping the layout practical and sociable.

This large, light-filled kitchen is perfect for both family breakfasts and hosting friends. There's plenty of room for a large table or some informal seating, and dual-aspect windows fill the space with sunlight. The kitchen features shaker-style units, contrasting worktops, and integrated appliances including a gas hob, electric oven, and dishwasher. There's also space for a large American-style fridge-freezer.

Just off the kitchen, the utility room keeps appliances neatly tucked away and houses the gas central heating boiler. There's also a handy downstairs WC with a pedestal washbasin – perfect for guests.

Back off the main hallway, you'll find three well-proportioned bedrooms on the ground floor. The main ground floor bedroom is a lovely bright space with dual-aspect windows, including another walk-in bay. The second double bedroom features built-in wardrobes and enjoys peaceful views over the rear garden. The third bedroom is a generous single and currently used as a home office, taking full advantage of the garden outlook – a perfect work-from-home spot.

The stunning ground floor bathroom has been finished to a high standard, with full-height wall tiling and a tiled floor underfoot. There's a large walk-in rainfall shower with a handheld attachment, sleek vanity units with inset basin and storage, a concealed cistern WC, and a modern anthracite ladder radiator.

Head upstairs and you'll find a spacious landing with room for a reading chair or study desk beneath a large Velux window that looks out over the garden. Both upstairs bedrooms are great-sized doubles with bespoke fitted wardrobes, making the most of the space.

The principal bedroom benefits from its own ensuite bathroom, which includes a bath with a mains shower and glazed screen, a contemporary vanity unit with basin and countertop, concealed cistern WC, full-height tiling, and a ladder radiator – everything you'd want for a relaxing escape at the end of the day.

This home enjoys a fantastic setting, tucked well back from the road behind a brick wall and smart electric gates. The block-paved driveway offers parking for multiple vehicles and leads to a detached double garage. To the rear, the generously sized, south-facing garden is a real highlight. It's beautifully landscaped with mature planting, shaped lawns, and two spacious patio areas – perfect for summer BBQs, evening drinks, or simply soaking up the sunshine.

This beautiful home offers modern, energy-efficient living with fully installed solar panels and a powerful battery storage system, allowing you to significantly reduce utility costs and gain energy independence. The solar array not only powers the home sustainably but also stores excess energy for use during the evening or in case of outages, adding both convenience and peace of mind. Ideal for eco-conscious buyers, this house combines comfort, smart energy solutions, and long-term savings in one attractive package.

This is a home that really ticks the boxes – space, style, versatility, and location. Whether you're upsizing, looking for room to grow, or just want a home that balances indoor comfort with outdoor space, this one offers it all – and more.
