Longs Mill, Brookbridge Court, Derby

Sam says:

"This apartment is lovely and full of unique detail! Originally built in the 1800's it has undertaken a luxury mill conversion into a complex of modern and spacious apartments. There are large, bright windows and tall ceilings creating a space filled with natural light, making the apartment feel grand and spacious. The living room and kitchen are spacious and open plan. There is an integrated dishwasher and space for a free standing washing machine too. There is even an alcove area off the living room for additional storage which is really handy! With two generous double bedrooms and a three piece suite bathroom this is a great space! Being in a prime location near to the city, the apartment is within a gated complex with secure parking. With lift access to the apartment, anyone can enjoy this homely property which would suit working professionals and students alike!"

Did you spot...

The old windows,
a great feature
capturing the
1800's charm?

A message from the seller:

"This was my first home and I fell in love with it the instant I walked through the door. The large windows allow so much fresh sunlight and air, I always felt safe and calm, and ready to enjoy whatever city life would send my way. Being so close to the city, date nights, brunch and shopping were always easy to plan, yet it was quick and convenient to get out of the city as it is so well positioned for joining the road network. I moved out of the city after 3 years and decided to rent the apartment out. Due to all the positive things above, the flat has been constantly occupied, and as the fittings were upgraded before I left, the apartment takes care of itself. As I enter a new chapter in my life, it is sad to part with such a beautiful home, but it is time for it to be a happy part of someone else's story."

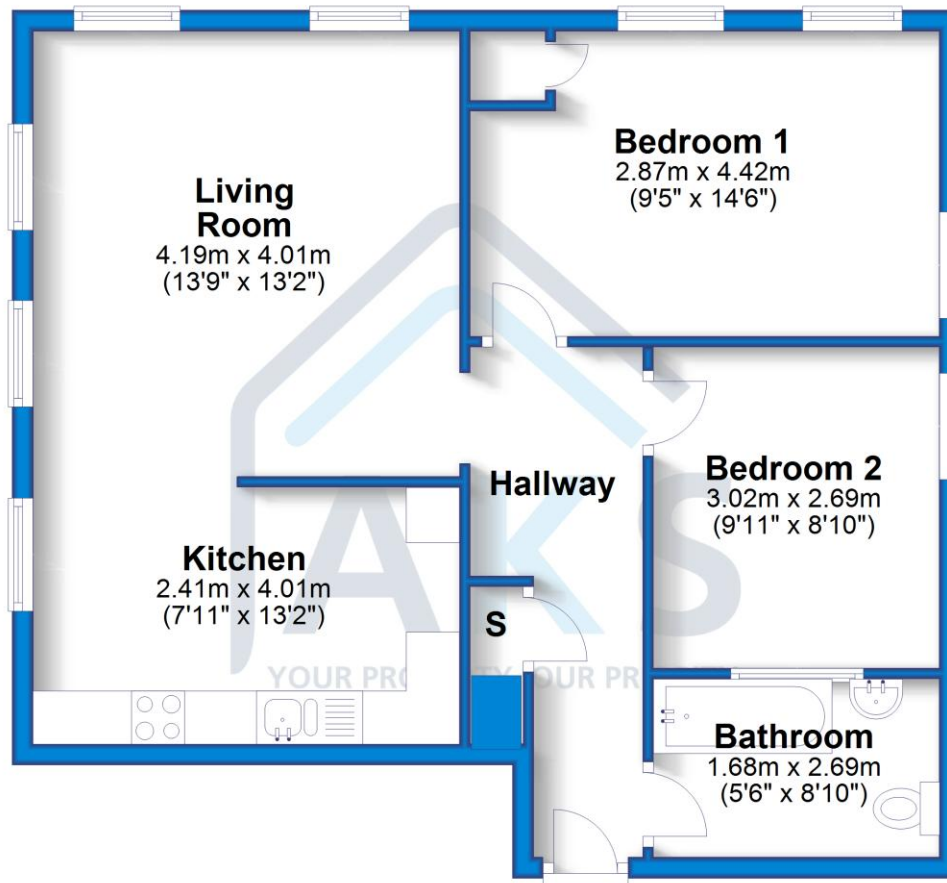

Floor Plan
