## Mikaela says:

"I've really fallen for this lovely home, it has such a calm and welcoming feeling. As you head inside, you're greeted with a living room that has a bay window adding lots of light and floor space. This then leads you through into an impressive kitchen diner that spans the width of the home. There's an integrated dishwasher and a standard oven alongside a combi oven/microwave with an overall modern and attractive finish. The doors out from the dining area into the beautiful garden are a great feature. Accessible from the kitchen is also a large utility room which has space for even more appliances, more cupboard space, a sink and extra storage.

Upstairs the bedrooms are a generous size. Bedroom one has got to be my favourite, with double windows, lots of floor space, sliding fitted wardrobes and an en-suite. Bedroom two also benefits from some fitted storage space! There's the family bathroom too, as well as a large cupboard on the landing housing the boiler and plenty of space for storage.

Outside to the front, there's parking for at least 4 vehicles and the home is incredibly well placed in a quiet area at the very end of the road with fields to the front and side. The back garden is such a special space. There's multiple areas to mention, such as a lawned area, space for sheds, a large patio, mature borders and even an area that would make a great veggie patch. There's even a small garage space for storage. What a fantastic home, we can't wait to show people all the reasons why they should fall head over heels for this property"
