Mikaela says:

“What a unique and welcoming home! From the moment you walk in there’s so much warmth and character. A bright and inviting hallway leads you inside, from there you can access the beautiful living room, with its attractive beams and feature fireplace, as well as double doors out onto the garden. The dining room also benefits from a lovely feature fireplace and is spacious enough for a large family dining table. Also downstairs is the breakfast kitchen and utility room. The kitchen is a fantastic room with plenty of cupboard and countertop space, integrated under counter appliances and a 5 ring gas hob. The breakfast bar and space for seating is a great addition. The family shower room is a great space with a large double shower and modern finish. The annexe is also accessible downstairs, what a great space! This spacious double bedroom has plenty of fitted storage, doors of its own out onto the garden and a good sized accessible en-suite shower room.

Upstairs, there are 4 further double bedrooms, so plenty of space for the family and two of which have fitted storage. The hallways and landings in this home are lovely spaces, with lots of windows and space for furniture, they certainly deserve a mention!

Outside, there’s a pretty and well thought out garden which covers multiple levels and incorporates a lovely, spacious seating area. The gates at the front of the property lead into here where there is space to park, however, throughout the seller’s ownership of the home, they’ve rented an area from a local farmer just across from the home where they park their vehicles. Continuation of this arrangement is open to negotiation with the new owners. From the garden you can also access a versatile garden room which sits just behind the annexe. This room benefits from power, direct ethernet connection and is fully insulated, making this a really versatile space - maybe a home office, hobby room or even a gym? This is a versatile and charming home in a really great location surrounded by beautiful countryside, we can’t wait to show potential buyers what this wonderful home has to offer”

A message from the seller:

“For the past 24 years we have enjoyed living in this lovely multi-generational family home, providing generous space for family gatherings and with quiet areas, too. A 'quirky' house which is to be expected from its age and with added extensions over the years. It is well-placed to local amenities and, with views over neighbouring fields from every window, there is the added advantage of being situated on the edge of more open countryside. We're sad to be moving but with our twin boys now grown with families of their own and my Mum (who lived with us) recently passed, it's now time for the next chapter of our lives, looking towards retirement.”
