Full Description

Tucked away in a peaceful and sought-after location, this impressive six-bedroom detached home offers over 2,500 sq. ft. of generous and flexible accommodation, two kitchens, two bathrooms, a garden office and beautifully mature gardens. Perfect for buyers seeking space and potential, the property combines light-filled rooms with leafy outlooks, creating a wonderful sense of calm and seclusion.

The home opens on the lower ground floor with a welcoming hallway, featuring built-in storage for coats and shoes, which leads down into the kitchen. The kitchen offers excellent scope for redesign and could be transformed into a contemporary open-plan kitchen/dining space with direct access to the garden (STPP). A short flight of stairs leads to the ground floor, where you'll find four bedrooms, two of which are singles, both with built in storage and two doubles, all enjoying peaceful garden views. On this level is the first of two family bathrooms, fitted with a three-piece suite and bath. The standout feature of the home is the upper ground floor's stunning triple-aspect living/dining room, complete with wooden flooring, a feature fireplace, and direct garden access. This is the true heart of the house, perfect for entertaining or enjoying quiet evenings with the family. Adjacent is a contemporary kitchen fitted with a range of units and space for freestanding appliances. This space could be transformed into a functional utility room or reconfigured to make a further reception room, ideal for growing families. The top floor offers two further bedrooms, including the principal bedroom with its own private balcony overlooking the gardens, plus a second double with built-in storage. This level also houses the second family bathroom, with potential for modernisation. This property also benefits from plenty of undercroft storage as well as a loft, providing additional storage space also.

Outside

The property sits within a generous plot, offering generous driveway parking for several cars. Being built into a hill, three of the four levels of the property have direct access to the mature gardens at ground level which offer a mix of lawn, established planting and stone pathways leading to private seating areas. The elevated rear garden enjoys wonderful views across surrounding greenery, while a detached garden office provides an ideal work-from-home solution.
