# Buying your new home

Our in-house team of Sales Consultants are dedicated to providing exceptional service to all our customers and we aim to make the experience of buying your new home with us as smooth, enjoyable and straightforward as possible. From your initial enquiry through to handing you the keys to your new home, our friendly and knowledgeable team are available both in person and online to answer your questions and help you find the home buying option that's right for you.

## Outright sale

Outright sale is the traditional route into home ownership. All our homes are designed and finished to impeccable standards, with a high specification as standard, providing outstanding value and quality. We are proud of the homes we build, and offer what we like to call the 'Hyde Difference'.

## Shared ownership

Shared ownership is a government-backed scheme designed to enable buyers to purchase a percentage of the equity, which is affordable to them, in a new home. The buyer then pays a subsidised rent on the unsold equity and a monthly service charge to Hyde New Homes. This means that the initial deposit required is also smaller than when you buy your home outright. We ensure we provide the same high-quality product with the same specification as buying outright.
