## SETTING THE SCENE

The property can be found tucked on the very edge of this popular development enjoying views over green space with mature trees planted in the distance. A low level hedge frontage separates the property from the public footpath with smaller lawn, front garden and flagstone walkway taking you towards the tiled and pitched awning above the front door. Parking for the home comes in the form of a tandem driveway located to the right of the home with gated access into the rear garden.

## THE GRAND TOUR

Once inside, the central hallway is the first place to greet you laid with upgraded tiled flooring which proceeds through the majority of the ground floor. The owners have decorated this space attractively with textured wall panelling and carpet runners heading up the stairs for the first floor. The first living space emerges to the right hand side in the form of an open kitchen and dining room. Whilst there is an array of wall and base mounted storage units fitted with tiled splashbacks, space does remain for a potential breakfast or dining table in front of the uPVC double glazed windows. Integrated appliances include an oven and hob with extraction above whilst leaving room for freestanding appliances with plumbing for a washing machine, dishwasher and tall fridge/freezer. Slightly further down the hallway there is a handy under the stair storage cupboard with two piece WC sat opposite with a continuation of the same tiled flooring towards the rear of the home, the flooring switches to carpet and opens into a 15' sitting room. This space is more than large enough to accommodate both a sitting and dining room suites if desired, whilst to the middle tall uPVC double glazed French doors with floor to ceiling windows sitting either side allow natural light to flood the room and gives access directly into the rear garden.

Off from the landing a total of three bedrooms can be found with the three piece family bathroom suite sat just in the middle complete with part tiled surround and low level radiator. The two smaller bedrooms sit towards the rear of the home with the smallest currently functioning as a storage and laundry room, however, perfectly positioned to become a larger single bedroom, nursery or potential home office setup. Whilst the first of the double bedrooms sits just next door, again with carpeted flooring with rear facing double glazed window overlooking the gardens. Towards the front of the property the main bedroom can be found again boasting a large open floor space suited to a double bed with further storage solutions whilst enjoying floor to ceiling mirrored sliding wardrobes built in to the recess behind the door. Due to its position this room enjoys the tree lined views towards the front of the property as well as an en-suite shower room complete with wall mounted heated towel rail.
