Positioned on a generous corner plot with ample parking, this four-bedroom semi-detached home offers plenty of space both inside and out. Recently the subject of much improvement, the property offers bright and well-proportioned accommodation. The layout is practical and well-proportioned, with all the key elements in place for flexible family living, with a large south westerly rear garden backing directly onto open farmland.

The living room is a good size, with a large log burner set into a brick surround forming the focal point. Double doors lead through to the conservatory – a useful additional space with direct access to the garden.

Back through the hall, the dining area sits just off the base of the stairs and forms part of an L-shaped open-plan space. A porthole-style window at the front adds a distinctive touch. The kitchen wraps around to the back of the house, overlooking the garden, and is fitted with dark blue shaker-style units, wooden worktops and a butler's sink. There's a gas hob, double oven, dishwasher, and built in washing machine, and a large traditional pantry. A door leads out to the side of the property, and there's also internal access to the garage, where the oil-fired boiler is located. The garage has power and lighting, making it a practical space for storage, workshop use, or future conversion (subject to permissions).

Upstairs, all four bedrooms are doubles. The main bedroom is double aspect and includes its own en suite with shower, WC and basin. Two further doubles sit at the rear and the fourth is positioned at the front. The family bathroom includes a bath with a rainfall and handheld shower, basin, WC, towel radiator and laminate flooring, with a window to the rear.

Outside, there is extensive parking for several vehicles. The rear garden features a large lawn, paved patio area and pond – a private space with scope to rework or landscape to suit your needs.

This is a superb property, in a lovely setting, well placed for main line stations in Robertsbridge and Rye. Viewing is highly recommended.
