Description

A plan of the land is attached for identification purposes only. The land extends to 5 acres or thereabouts in one enclosure that is level and well fenced, within traditional hedge boundaries. Access is via double gates off the minor road that leads into the village of Liddeston. The double gates open into a cattle handling pen with a further gate opening into the field. Whilst there is no water connected to the field, we believe that this is located close by and, no doubt, interested parties will make their own enquiries of Dwr Cymru/Welsh Water. We are advised that there is a water pipeline and oil pipeline crossing the land, and these, no doubt, would be subject to the relevant easements.

Tenure

We understand the land is freehold of tenure and that vacant possession would be available upon completion of any sale. There are no entitlements included with the sale of the land.

Services

There are no services connected to the land.

Local Authority

Pembrokeshire County Council, County Hall, Haverfordwest, Pembrokeshire.

General Remarks.

This is a rare opportunity to acquire a versatile field, all occupying a very convenient setting. The land is currently down to productive pastureland, but, quite possibly, it would be suitable for alternative use, subject to any necessary planning consents being obtained.

OVERAGE CLAUSE

The property is being sold subject to an overage clause on the area of land hatched black on the plan and attached for identification purposes only. The overage clause will be 40% of the uplift in value of the land above its apportioned sale price if planning consent for residential development is granted on the land for a period of 25 years from the date of completion of the sale with the cost of obtaining the planning consent being deducted from the uplift. The Overage will be secured by a restriction on the title.
