Key information about the home

There are variations of shared ownership models which have different features. The model of shared ownership may vary depending on:

- what rules were in place at the time the home was funded or planning permission granted
- where the home is located
- whether the home is for a specific group of people

The table below highlights the key features of common shared ownership schemes. The information in this document is for the new model shared ownership.

Shared ownership model	Older model shared ownership	Standard model shared ownership	New model shared ownership
Minimum initial share	25%	25%	10%
Lease length	Typically, leases were issued for 99 years from new	Leases are for a minimum of 99 years from new but typically at least 125 years	Leases will be for a minimum of 990 years from new
Initial repair period	No	No	Yes
Buying more shares - minimum purchase	10% or 25%	10%	5%
1% share purchase	No	No	Yes
Landlord's nomination period	8 weeks or 12 weeks	8 weeks	4 weeks

When you are looking for shared ownership homes, you should always check the Key Information Document to see which model covers that specific home.

When you buy a home through shared ownership, you enter into a shared ownership lease. The lease is a legal agreement between you (the 'leaseholder') and the landlord. It sets out the rights and responsibilities of both parties.

Before committing to buy a shared ownership property, you should take independent legal and financial advice.

This key information document is to help you decide if shared ownership is right for you. You should read this document carefully so that you understand what you are buying, and then keep it safe for future reference. This document 'Key information about the home' is a summary and you should consider the information in 'Summary of costs' and 'Guide to shared ownership' before making a decision.

This does not form part of the lease. You should carefully consider the information and the accompanying lease and discuss any issues with your legal adviser before signing the lease.

Failure to pay your rent, service charge, or mortgage could mean your home is at risk of repossession.

The costs in this document are the costs as at the date issued. These will increase (typically on an annual basis) and you should take financial advice on whether this will be sustainable for you.

Other details

Initial repair period

Up to £500 a year for the first 10 years to help with essential repairs. For more information, see section 5, 'Maintaining and living in the home', in the 'Key information about shared ownership' document.

Landlord's first option to buy

When you give the landlord notice that you intend to sell your share in your home, the landlord has 4 weeks to find a buyer. (The landlord may offer to buy back your share, but only in exceptional circumstances and if they have funds available.) If they do not find a buyer within 4 weeks, you can sell your share yourself on the open market. For example, through an estate agent.

Pets

You can keep pets at the home but must obtain the landlords written permission, please consult your conveyancer

Subletting

Subletting

You can rent out a room in the home at any time, but you must live there at the same time.

You cannot sublet (rent out) your entire home unless either:

- **you own a 100% share**
- **you have your landlord's permission, which they will only give in exceptional circumstances**

If you're a serving member of the armed forces, and you're required to serve away from the area where you live for a fixed period, you may sublet the entire home subject to the landlord's permission.

A guide to shared ownership

What is shared ownership?

Shared Ownership is a government-backed scheme that could help you to get a foot on the property ladder.

At Marble Square, you can choose from a stylish collection of two, three and four bedroom homes, all designed to exacting standards. And through the government-backed Shared Ownership scheme, you could be getting a foot on the property ladder more quickly than buying a home outright.

If you can't afford all of the deposit and mortgage payments for a home that meets your needs, Shared Ownership offers you the chance to buy an initial share of your home based on its market value and then pay rent on the remaining share — helping you to get on the property ladder more quickly than buying a home outright.

At Marble Square, you can purchase an initial share of your home between 25% and 75% of the property's value and pay rent on the rest. Even better, because you are buying a share of the property, the deposit you need to have saved is smaller too.

If you wish to in the future you can decide to buy further shares in your home, in stages or all at once, this is called staircasing. This will reduce the rent you have to pay, and you can increase your share gradually until you own 100% of your home.

How shared ownership works

Your questions answered

Am I eligible for Shared Ownership?*

You can apply to buy with Shared Ownership if:

- You are a first-time buyer.
- You are an existing shared owner moving to another Shared Ownership home.
- You have previously owned a home but need help buying a new one.
- You have a combined household income less than £80,000.
- You are able to afford the mortgage, rent and service charges.

How much of my home can I afford to buy?

This will vary depending on your circumstances. An independent financial advisor will carry out an affordability assessment to determine the exact share that's right for you and your circumstances. They'll also carry out an affordability check with the most appropriate mortgage lender, to ensure you can get the amount you need to complete your purchase. This is all quite straightforward, and we can take care of it for you.

What is staircasing?

You can buy more shares in your home after you become the owner. This is known as 'staircasing'. This means that you can choose to increase the amount you own gradually, until you own 100% of your home.

How much does staircasing cost?

The cost of the additional shares will depend on the current market value of your home at the time you wish to buy more. When you buy more shares, you'll pay less rent.

Along with the cost of the additional shares that you are buying, there are other legal costs that you will need to consider. To find out more visit www.gov.uk/shared-ownership-scheme

What will my responsibilities be?

You will have a Shared Ownership lease which tells you your rights and responsibilities, which include being responsible for the maintenance and repairs on your home as well as paying your rent, service charges and your mortgage payments.

Do I need to pay Stamp Duty?

When you purchase a home through Shared Ownership, you can make a one-off Stamp Duty payment based on the total market value of the property, or alternatively, you can pay the Stamp Duty in stages. This means that you won't have to pay any Stamp Duty in the future when staircasing.

Alternatively, you can choose to pay the Stamp Duty in stages. There will be no Stamp Duty to pay until your owned share reaches 80% and above. If you are staircasing to 80% in your home, you will need to pay Stamp Duty on the share that took you over 80% and any further transactions.

I'm interested in Shared Ownership, now what?

Our sales team will be happy to discuss the Shared Ownership scheme with you and answer any questions you may have to help you find your perfect new home at Marble Square.
