

# Energy performance certificate (EPC)

67 Pencaerfenni Park Crofty SWANSEA SA4 3SG	Energy rating <b>C</b>	Valid until: <b>30 January 2035</b>
		Certificate number: <b>7399-3046-9209-2015-3204</b>

**Property type** Detached bungalow

**Total floor area** 64 square metres

## Rules on letting this property

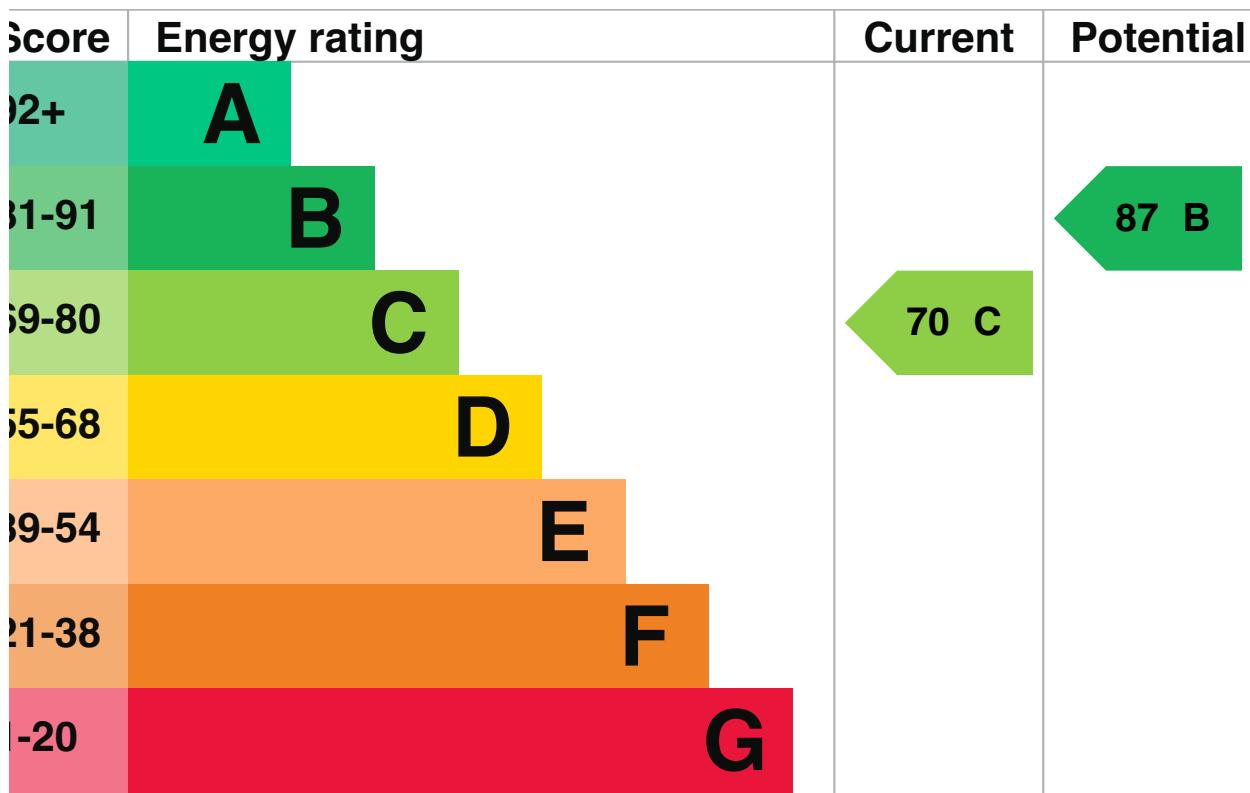

Properties can be let if they have an energy rating from A to E.

You can read [guidance for landlords on the regulations and exemptions](#) (<https://www.gov.uk/guidance/domestic-private-rented-property-energy-efficiency-standard-landlord-guidance>).

## Energy rating and score

This property's energy rating is C. It has the potential to be B.

[See how to improve this property's energy efficiency.](#)

The graph shows this property's current and potential energy rating.

Properties get a rating from A (best) to G (worst) and a score. The better the rating and score, the lower your energy bills are likely to be.

Properties in England and Wales:

- the average energy rating is D
- the average energy score is 60

## Breakdown of property's energy performance features in this property

Features get a rating from very good to very poor, based on how energy efficient they are. Ratings are not based on how well features work or their condition.

Assumed ratings are based on the property's age and type. They are used for features the assessor could not inspect.

Feature	Description	Rating
Wall	Cavity wall, filled cavity	Average
Roof	Pitched, 150 mm loft insulation	Good

Window	Fully double glazed	Good
Central heating	Boiler and radiators, mains gas	Good
Central heating control	Programmer, room thermostat and TRVs	Good
Hot water	From main system	Good
Lighting	Low energy lighting in all fixed outlets	Very good
Door	Solid, no insulation (assumed)	N/A
Secondary heating	None	N/A

## Primary energy use

The primary energy use for this property per year is 201 kilowatt hours per square metre (kWh/m<sup>2</sup>).

[About primary energy use](#)

## How this affects your energy bills

An average household would need to spend **£761 per year on heating, hot water and lighting** in this property. These costs usually make up the majority of your energy bills.

You could **save £116 per year** if you complete the suggested steps for improving this property's energy rating.

This is **based on average costs in 2025** when this EPC was created. People living at the property may use different amounts of energy for heating, hot water and lighting.

## Heating this property

The estimated energy needed in this property is:

- 6,815 kWh per year for heating
- 1,578 kWh per year for hot water

## Impact on the environment

The property's environmental impact rating is C. It has the potential to be B.

Properties get a rating from A (best) to G (worst) on how much carbon dioxide (CO<sub>2</sub>) they produce each year.

# Carbon emissions

<b>An average household produces</b>	<b>6 tonnes of CO<sub>2</sub></b>
<b>This property produces</b>	<b>2.3 tonnes of CO<sub>2</sub></b>
<b>This property's potential production</b>	<b>0.8 tonnes of CO<sub>2</sub></b>

You could improve this property's CO<sub>2</sub> emissions by making the suggested changes. This will help to protect the environment.

These ratings are based on assumptions about average occupancy and energy use. People living at the property may use different amounts of energy.

# Steps you could take to save energy

[Do I need to follow these steps in order?](#)

## Step 1: Floor insulation (solid floor)

Typical installation cost	£4,000 - £6,000
Typical yearly saving	£700
Potential rating after completing step 1	73 C

## Step 2: Solar water heating

Typical installation cost	£4,000 - £6,000
Typical yearly saving	£400
Potential rating after completing steps and 2	74 C

## Step 3: Solar photovoltaic panels, 2.5 kWp

Typical installation cost	£3,500 - £5,500
Typical yearly saving	£460
Potential rating after completing steps to 3	87 B

## Who to contact about this certificate

### Contacting the assessor

If you're unhappy about your property's energy assessment or certificate, you can complain to the assessor who created it.

Assessor's name	Jennifer Hosier
Telephone	01189770690
Mail	<a href="mailto:epc@nichecom.co.uk">epc@nichecom.co.uk</a>

### Contacting the accreditation scheme

If you're still unhappy after contacting the assessor, you should contact the assessor's accreditation scheme.

Accreditation scheme	Elmhurst Energy Systems Ltd
Assessor's ID	EES/027971
Telephone	01455 883 250
Mail	<a href="mailto:enquiries@elmhurstenergy.co.uk">enquiries@elmhurstenergy.co.uk</a>

### About this assessment

Assessor's declaration	No related party
Date of assessment	31 January 2025

**ate of certificate**

31 January 2025

**Type of assessment**► [RdSAP](#)

## Other certificates for this property

You are aware of previous certificates for this property and they are not listed here, please contact us at [iclg.digital-services@communities.gov.uk](mailto:iclg.digital-services@communities.gov.uk) or call our helpdesk on 020 3829 0748 (Monday to Friday, 9am to 5pm).

There are no related certificates for this property.
