LOCATION

The site is pleasantly situated in a rural location west of the Fenland village of Friday Bridge within an exclusive development of barn style properties. Friday Bridge is a village founded on agriculture, which has developed in a largely linear way west and north. One of the village's impressive features is the Water Tower which dominates the village. The clock tower and church are unique features which add to the village's sense of history and character. The village has a modest range of shops including a Tea shop/café, a post office, a church, public house and a community centre. It benefits from a village primary school and community sports field.

Friday Bridge is situated approximately 4 miles from the Market Town of Wisbech and 7 miles east of March and about 20 miles east of Peterborough. Both March and Peterborough benefit from train stations.
