SUMMARY & HISTORY

The property for sale is a small residential complex situated at Mount Le Hoe, just off Stepneyford Lane. The house at Mounthall Farm dates from the sixteenth-century (or earlier). Formerly known as 'Mudhall Farm,' its original name is recorded on a 1777 map of Benenden. Other local farms have also undergone name changes, such as 'Pump Farm', now 'Pympne Manor', located just to the north. This part of the Kentish High Weald is designated Natural Landscape area and comprises a belt of hilly and partly wooded countryside, with the streams and ghylls nearby running south to the River Rother.

LOT 2

THE BARN & OAST – 1.30 ACRES

This historic Grade II listed building is located to the west of the farmhouse and comprises a period Kent Barn with attached single kiln square Oast house.

In April 2006 planning permission was obtained to convert the Oast house only into a two bedroom dwelling. Planning permission was renewed in February 2009, but work was never started and the planning consent lapsed.

The vendor has submitted pre-application advice for the conversion of the barn and the Oast into a five bedroom residential property and copies are available together with the proposed plans on request.

LOT 3

This steel frame agricultural building has historically been used for hay and straw storage and cattle yarding.

The pastureland to the north of the barn extends to approximately 3 acres.

PLANNING

On the 8th September 2025 the vendors planning advisors received a letter in response to the request for Pre-Application advice on the proposal to convert the Barn/Oast to a dwelling and conversion of the Atcost Barn (Cattle Shed) Ref 25/01486/PAMEET.

The Conservation Officer recommended that a Heritage Statement will be required, in addition to Ecology Report and in conclusion the planning officer states "Both proposals could receive office support, subject to the advice above. The principal of their conversions is largely acceptable provided that enough evidence is submitted regarding the commercial interest in the sites or their

undesirability. The advice from the Council's Conservation Officer must be reflected in the design of the conversions as any harm to the listed building would likely warrant refusal of the schemes."

A copy of the 8th September letter is available on request.
