**HOUSEBUILDER  
OF THE YEAR**

# Two *Majestic Landmarks*

ONE UNRIVALLED STANDARD

From the expert conversion of Gun Hill Park to the newly unveiled The Head Quarters, Weston Homes has protected the architectural legacy of two of Aldershot's most significant buildings.

**The Cambridge Military Hospital, built between 1875-79, stands as an architectural crown jewel of Aldershot. This Italianate neo-classical landmark has been carefully restored by Weston Homes to be enjoyed and loved by future generations.**

With proven historic building restoration expertise, we brought new life to the building's

warm yellow brickwork, elegant Bath stone and iconic clock tower. Within its grand façades, elegant apartments, spacious houses and one-of-a-kind penthouse within the clock tower have been carefully crafted into new homes with thoughtful design detail blending 19th-century heritage and modern luxury.

This established community now serves as the benchmark for its neighbour, The Head Quarters, where the same commitment to quality defines the next historic chapter of homes in Aldershot by Weston Homes.

# Home of the *British Army*

## THE FIRST MILITARY TOWN

Aldershot is still home to the British Army and is a nationally important site. Its garrison was the first purpose-built military town in Britain and was vital during both World Wars.

Prior to 1854, when the military garrison was first established, Aldershot was a small agricultural village. During the Crimean War and the years following, it rapidly grew into the largest military garrison in the British Empire, with its own schools, hospitals, power station, water supply, food production, police and fire brigades.

## Revived & Restored

### THE HEAD QUARTERS

Completed in 1895, the Grade II listed building The Head Quarters was part of the grand redevelopment of Aldershot Camp under the Barracks Act of 1890. Replacing the original wooden huts of the 1850s, it was constructed by Martin Wells and Co. to the design of Royal Engineers surveyor Thomas Jerome. The building is 'C' shaped in plan, which forms a private landscaped courtyard to the rear. The Duke of Connaught, who served as the first General Officer Commanding, laid the foundation stone.

The adjacent Post Office was built in 1895, at the same time as The Head Quarters building with the Military Police Barracks opening in 1897. Each of these historic buildings is being meticulously restored to create The Head Quarters, a superlative collection of luxurious homes within The Wellesley Estate. Modern design blends effortlessly with grand Victorian features and a superior specification, sympathetically reviving the estate's architectural heritage for a new generation. It represents a unique opportunity to own a truly unique home and celebrate 150 years of military heritage.

# Weston *Homes*

BUILT WITH PASSION,  
DELIVERED WITH PRIDE

Weston Homes was formed in 1987 by Bob Weston, establishing what has now become one of the major property developers in the South East of England.

Weston Homes has built a reputation for high quality design and build standards, delivered with a passionate desire to make a genuine difference to the lives of our customers and to leave a legacy of which we are justly proud. Continually reassessing the marketplace, Weston Homes has combined the traditional skills of house-building with the ever-expanding opportunities created by new technology.

The company has taken a revolutionary approach to property development – many of our properties' components are now pre-manufactured and tested in our own carefully controlled Weston-run factory, rather than on site. This enables the efficient fitting at a late stage of construction for fixtures such as kitchen worktops, wardrobes and bathroom vanity units, which incorporate bespoke basins, storage cabinets and associated plumbing. This minimises wasted materials whilst maximising the quality of your brand new home.

Cun Hill Park, Aldershot

Fitch View, Takeley

Abbey Quay, Barking

Weston Homes provides properties to exceed the expectations of purchasers both in terms of quality and value for money. Projects are hugely varied, ranging from select housing developments to large-scale city apartment complexes of many hundreds of homes. As well as new-build, the company has extensive experience of refurbishment and restoration work, breathing new life into historic and Listed buildings to give new purpose to Britain's architectural heritage.

## Our commitment to our customers

The entire Weston Homes team is committed to providing you, our customers, with quality homes.

We are working to achieve one common goal: to ensure that you are satisfied and happy with your new home, from the moment that you make your reservation, to the day you move in and beyond.

No matter who you are dealing with, or what queries, questions or complaints you may have, you can be confident that our people and procedures will adhere to the terms of our customer charter and the 'New Homes Quality Code'. Copies of the 'New Homes Quality Code' are available from our sales offices and via our website; a copy (also identifying where further guidance can be found) will always be provided to you upon reservation.

Each property is quality checked and commissioned by our dedicated Customer Services team before handover to its new owner.

Your home will come with a 10-year new homes warranty which includes:

- A two-year builder warranty from legal completion directly with Weston Homes, backed by ICW
- Ten years of structural defects insurance cover from ICW (which runs concurrently with Weston Homes' two-year warranty)
