ACCOMMODATION

Spacious and well proportioned throughout the property would be an ideal family home thanks to three good size reception rooms on the ground floor as well as up to seven bedrooms, if required, above. A tiled entrance porch opens up through double doors in to the hallway. To the front of

the property is the main living room, with a bay window and woodburning stove and the dining room with an electric fire. A smaller snug sitting room with original open fire has double doors leading out to the courtyard section of the garden. The kitchen, with a range of fitted units and an AGA stove, has space to dine in and also leads through to a large fitted utility room which in turn provides access to the garage. There is also a large bathroom on the ground floor. On the first floor, centred around a generous landing are four of the seven bedrooms and a second bathroom. The main bedroom, an impressive double with a bay window benefits from good views across the rooftops towards Austin Friars School at the top of Etterby Scaur. The other bedrooms on this floor are all good double rooms and the bathroom has both a bath and separate shower. A full size staircase leads from the landing to the second floor where there are three further bedrooms, two of which are currently utilised as home offices. On the second floor landing there is also a large walk-in cupboard providing ample storage. Externally the property has an attractive facade and a small lawned garden to the front. A paved driveway to the side leads towards the garage which also provides through access to the rear garden if required. The rear garden is in part laid to lawn and part paved courtyard, all of which benefits from a pleasing southerly aspect.
