Mrs Kathryn Slater,
Eclipse Planning Services
12 Church Green
Ramsey
Cambridgeshire
PE261DW

The Council hereby grants permission for Outline planning permission for demolition of the existing dwelling and erection of 7 dwellings all matters reserved except access.

At: 1, Horseheath Road, Linton, Cambridge, Cambridgeshire, CB21 4LU
For: Mr John Loveday

In accordance with your application dated 04 March 2016 and the plans, drawings and documents which form part of the application, subject to conditions set out below.

1. Approval of the details of the layout of the site, the scale and appearance of buildings and landscaping (hereinafter called "the reserved matters") shall be obtained from the Local Planning Authority in writing before any development is commenced.
   (Reason - The application is in outline only.)

2. Application for the approval of the reserved matters shall be made to the Local Planning Authority before the expiration of three years from the date of this permission.
   (Reason - The application is in outline only.)

3. The development hereby permitted shall begin not later than the expiration of two years from the date of approval of the last of the reserved matters to be approved.
   (Reason - The application is in outline only.)

4. No development shall take place until full details of both hard and soft landscape works have been submitted to and approved in writing by the Local Planning Authority. These details shall include indications of all existing trees and hedgerows on the land and details of any to be retained, together with measures for their protection in the course of development. The details shall also include specification of all proposed trees, hedges and shrub planting, which shall include details of species, density and size of stock.
   (Reason - To ensure the development is satisfactorily assimilated into the area and enhances biodiversity in accordance with Policies DP/2 and NE/6 of the adopted Local Development Framework 2007.)

5. All hard and soft landscape works shall be carried out in accordance with the approved details. The works shall be carried out prior to the occupation of any part of the development or in accordance with a programme agreed in writing with the Local Planning Authority. If within a period of five years from the date of the planting, or replacement planting, any tree or plant is removed, uprooted or destroyed or dies, another tree or plant of the same species and size as that originally planted shall be
planted at the same place, unless the Local Planning Authority gives its written consent to any variation.
(Reason - To ensure the development is satisfactorily assimilated into the area and enhances biodiversity in accordance with Policies DP/2 and NE/6 of the adopted Local Development Framework 2007.)

6. No development shall take place until there has been submitted to and approved in writing by the Local Planning Authority a plan indicating the positions, design, materials and type of boundary treatment to be erected. The boundary treatment [for each dwelling] shall be completed before that/the dwelling is occupied in accordance with the approved details and shall thereafter be retained.
(Reason - To ensure that the appearance of the site does not detract from the character of the area in accordance with Policy DP/2 of the adopted Local Development Framework 2007.)

7. Visibility splays shall be provided on both sides of the access and shall be maintained free from any obstruction over a height of 600mm within an area of 2m x 2m measured from and along respectively the highway boundary.
(Reason - In the interest of highway safety in accordance with Policy DP/3 of the adopted Local Development Framework 2007.)

8. The proposed driveway shall be constructed using a bound material to prevent debris spreading onto the adopted public highway.
(Reason - In the interest of highway safety in accordance with Policy DP/3 of the adopted Local Development Framework 2007.)

9. The proposed driveway shall be constructed so that its falls and levels are such that no private water from the site drains across or onto the adopted public highway.
(Reason - In the interest of highway safety in accordance with Policy DP/3 of the adopted Local Development Framework 2007.)

10. No development shall take place until details of the following have been submitted to and approved in writing by the Local Planning Authority:
   i) Contractors’ access arrangements for vehicles, plant and personnel;
   ii) Contractors’ site storage area(s) and compounds(s);
   iii) Parking for contractors’ vehicles and contractors’ personnel vehicles;
Development shall not be carried out other than in accordance with the approved details.
(Reason - In the interests of residential amenity in accordance with Policies DP/3 and DP/6 of the adopted Local Development Framework 2007.)

11. Prior to the commencement of any development, a scheme for the provision and implementation of foul water drainage shall be submitted to and approved in writing by the Local Planning Authority. The scheme shall be constructed and completed in accordance with the approved plans prior to the occupation of any part of the development or in accordance with the implementation programme agreed in writing with the Local Planning Authority.
(Reason - To reduce the risk of pollution to the water environment and to ensure a satisfactory method of foul water drainage in accordance with Policy NE/10 of the adopted Local Development Framework 2007.)
12. Prior to the commencement of any development, a scheme for the provision and implementation of surface water drainage shall be submitted to and approved in writing by the Local Planning Authority. The scheme shall be constructed and completed in accordance with the approved plans prior to the occupation of any part of the development or in accordance with the implementation programme agreed in writing with the Local Planning Authority.
(Reason - To ensure a satisfactory method of surface water drainage and to prevent the increased risk of flooding in accordance with Policies DP/1 and NE/11 of the adopted Local Development Framework 2007.)

13. No development shall take place on the application site until the implementation of a programme of archaeological work has been secured in accordance with a written scheme of investigation which has been submitted to and approved in writing by the Local Planning Authority.
(Reason - To secure the provision of archaeological excavation and the subsequent recording of the remains in accordance with Policy CH/2 of the adopted Local Development Framework 2007.)

14. No construction site machinery or plant shall be operated, no noisy works shall be carried out and no construction related deliveries taken at or despatched from the site except between the hours of 0800-1800 Monday to Friday, 0800-1300 Saturday and not at any time on Sundays or Bank or Public holidays.
(Reason: To protect the amenity of the locality, especially for people living and/or working nearby, in accordance with Policy NE/15 of the adopted Local Development Framework 2007.)

15. Should driven pile foundations be proposed, then before works commence, a statement of the method for construction of these foundations shall be submitted and agreed by the District Environmental Health Officer so that noise and vibration can be controlled.
(Reason - To minimise noise disturbance for adjoining residents in accordance with Policy NE/15 of the adopted Local Development Framework 2007.)

16. The two protected trees within the site shall be protected in accordance with the recommendations within the Tree Survey dated July 2016 by Trees in Planning Ltd report and Tree Protection Plan TIP16213. The tree protection measures shall be erected prior to commencement of demolition, site preparation and the delivery of building materials and remain in position and not moved until practical completion, unless otherwise agreed in writing by the Local Planning Authority.
(Reason - To protect trees which are to be retained in order to enhance the development, biodiversity and the visual amenities of the area in accordance with Policies DP/1 and NE/6 of the adopted Local Development Framework.)

Informatives

1. The application should be read in conjunction with the Planning Obligations Agreement.

The applicant should take all relevant precautions to minimise the potential for disturbance to neighbouring residents in terms of noise and dust during the construction phases of development. This should include the use of water suppression for any stone or brick cutting.
and advising neighbours in advance of any particularly noisy works. The granting of this planning permission does not indemnify against statutory nuisance action being taken should substantiated noise or dust complaints be received. For further information please contact the Environmental Health Service.

Before any existing buildings are demolished, a Demolition Notice will be required from the Building Control section of the council’s planning department establishing the way in which the property will be dismantled, including any asbestos present, the removal of waste, minimisation of dust, capping of drains and establishing hours of working operation. This should be brought to the attention of the applicant to ensure the protection of the residential environment of the area.

If any lighting is proposed, details of any external lighting, including street and security lighting, shall be submitted to and approved by the Local Planning Authority before construction commences. The lighting impact shall be assessed in accordance with The Institute of Lighting Professionals ‘Guidance Notes for the Reduction of Obtrusive Light GN01:2011.

There shall be no burning of any waste or other materials on the site, without prior consent from the Environmental Health Department.

In the event that the Planning Authority is so minded as to grant permission to the proposal please add an informative to the effect that the granting of a planning permission does not constitute a permission or licence to a developer to carry out any works within, or disturbance of, or interference with, the Public Highway, and that a separate permission must be sought from the Highway Authority for such works.

General

1. **Statement as to how the Local Planning Authority (LPA) has worked with the applicant in a positive and proactive manner on seeking solutions**

   The LPA positively encourages pre-application discussions. Details of this advice service can be found on the Planning pages of the Council’s website [www.scambs.gov.uk](http://www.scambs.gov.uk). If a proposed development requires revisions to make it acceptable the LPA will provide an opinion as to how this might be achieved. The LPA will work with the applicant to advise on what information is necessary for the submission of an application and what additional information might help to minimise the need for planning conditions. When an application is acceptable, but requires further details, conditions will be used to make a development acceptable. Joint Listed Building and Planning decisions will be issued together. Where applications are refused clear reasons for refusal will identify why a development is unacceptable and will help the applicant to determine whether and how the proposal might be revised to make it acceptable.

   In relation to this application, it was considered and the process managed in accordance with paragraphs 186 and 187 of the National Planning Policy Framework.

2. **Circular 04/2008 (Planning Related Fees) states that where an application is made under Article 21 of the Town and Country Planning (General Development Procedure) Order 1995 [now superseded by Article 30 of the Town and Country Planning (Development Management Procedure)(England) Order 2010], a fee will be payable for any consent,
agreement or approval required by condition or limitation attached to the grant of planning permission (or reserved matter consent).

The fee is £97 per request or £28 where the permission relates to an extension or alteration to a dwellinghouse or other development in the curtilage of a dwellinghouse. The request can be informal through the submission of a letter or plans, or formal through the completion of an application form and the submission of plans. Any number of conditions may be included on a single request. The form is available on the Council’s website www.scambs.gov.uk (application forms - 1app forms-application for the approval of details - pack 25.)

3. It is important that all conditions, particularly pre-commencement conditions, are fully complied with, and where appropriate, discharged prior to the implementation of the development. Failure to discharge such conditions may invalidate the planning permission granted. The development must be carried out fully in accordance with the requirements of any details approved by condition.

4. All new buildings that are to be used by the public must, where reasonable and practicable, be accessible to disabled persons and provide facilities for them. The applicant’s attention is therefore drawn to the requirements of Section 76 of the Town and Country Planning Act 1990 and the Building Regulations 2000 (as amended) with respect to access for disabled people.

5. In order to obtain an official postal address, any new buildings should be formally registered with South Cambridgeshire District Council. Unregistered addresses cannot be passed to Royal Mail for allocation of postcodes. Applicants can find additional information, a scale of charges and an application form at www.scambs.gov.uk/snn. Alternatively, applicants can contact the Address Management Team: call 08450 450 500 or email address.management@scambs.gov.uk. Please note new addresses cannot be assigned by the Council until the footings of any new buildings are in place.

6. The applicant’s attention is drawn to the requirements of the Party Wall etc. Act 1996 if works are proposed to a party wall.

7. If you wish to amend the permitted scheme, and you consider the revisions raise no material issues, you should make an application for a Non Material Amendment. If agreed, the development can go ahead in accordance with this amendment although the revised details will not replace the original plans and any conditions attached to the originally approved development will still apply. If, however, you or the Council consider the revisions raise material issues you may be able to make an application for a Minor Material Amendment. If approved, this will result in a new planning permission and new conditions as necessary may be applied. Details for both procedures are available on the Council’s website or on request.

8. If this development involves any works of a building or engineering nature, please note that before any such works are commenced it is the applicant's responsibility to ensure that, in addition to planning permission, any necessary consent under the Building Regulations is also obtained. Advice in respect of Buildings Regulations can be obtained from Building Control Services at South Cambridgeshire District Council. Their contact details are: tel. 03450 450 500 or building.control@scambs.gov.uk or via the website www.scambs.gov.uk.
9. A delegation report or committee report, setting out the basis of this decision, is available on the Council’s website.

NOTES

Appeals to the Secretary of State

If you are aggrieved by the decision of your Local Planning Authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State for the Environment under Section 78 of the Town and Country Planning Act 1990.

If you want to appeal, then you must do so using a form which you can get from the Customer Support Unit, Planning Inspectorate, Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN.

Alternatively, an online appeals service is available through the Appeals area of the Planning Portal - see www.planningportal.gov.uk/pcs. The Planning Inspectorate will publish details of your appeal on the internet. This may include a copy of the original planning application form and relevant supporting documents supplied to the local authority, together with the completed appeal form and information you submit to the Planning Inspectorate. Please ensure that you only provide information you are happy will be made available to others in this way, including personal information belonging to you. If you supply personal information belonging to a third party please ensure you have their permission to do so. More detailed information about data protection and privacy matters is available on the Planning Portal.

Fully completed appeal forms must be received by the Planning Inspectorate within six months of the date of this decision notice except where the property is subject to an enforcement notice, where an appeal must be received within 28 days.

The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving the notice of appeal.

The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions it imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based its decision on a direction given by him.

Purchase Notices

If either the Local Planning Authority or the Secretary of State for the Environment refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonable beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the District Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
