Situation

The Kersworthy Estate is nestled in attractive Cornish countryside just to the north of Launceston. The two farms that make up the estate enjoy a private yet accessible location. Kersworthy farmstead has a very secluded position at the end of a long driveway and is surrounded by its own land with no nearby neighbours. Buttern Farm lies closer to the road, adjoining Kersworthy Farm. The Estate enjoys far reaching views, approximately mid-way between the well serviced towns of Launceston and Bude. Both towns offer a comprehensive range of shopping, leisure and health facilities, numerous local golf courses and sports clubs. Primary schools are to be found at Werrington, secondary schooling at Launceston, whilst independent schooling is available at Launceston, Shebbear, Plymouth, Truro and Exeter.

The spectacular North Cornish coast is some 10 miles to the west, offering abundant recreational opportunities whether it be cliff top walks or extensive sandy beaches, surfing or sailing. Alternatively

nearby Dartmoor or Bodmin Moor offer a range of outdoor pursuits. The local area is also renowned for its shooting and fishing. Launceston provides mainly dual-carriageway links to the cathedral cities of Truro and Exeter. Exeter offers a superb range of shopping facilities, together with main line train services to London Paddington, an international airport and access onto the national motorway network.

Introduction

The Kersworthy Estate comprises Kersworthy Farm and Buttern Farm.

Kersworthy Farm includes a beautifully presented, Grade II Listed period farmhouse, probably dating back to the late 16th Century. To the rear of the property there is a stunning, mainly 2 storey, brick built

courtyard, a substantial detached traditional lincay barn, an open-fronted cart shed, all with potential for alternative uses (STP), as well as a large modern style farm building. The farmstead is surrounded by attractive gently undulating pasture.

Buttern Farm meanwhile, is an excellent commercial dairy and arable farm which includes a 4 bedroom farmhouse with stunning views, a well-equipped and extensive range of modern style farm buildings, a small woodland, some highly productive grassland and arable land.

In all the estate extends to approximately 369.11 acres (149.38 hectares) and is offered in the following lots (although alternatives may be considered).

Lot 1 - Kersworthy Farm: A Grade II Listed 5 bedroom house, range of traditional farm buildings. In all 22.53 acres

Kersworthy Farmhouse is constructed of stone and cob walls under a slate roof. Having been lovingly renovated and restored over the years by the current vendor, the property successfully combines the charm, character and generous proportions associated with buildings of this age, yet with contemporary modern conveniences.

The comfortable accommodation briefly comprises: front door into impressive double height **Hallway** with stairs to first floor and doors into many of the ground floor rooms, **Dining Room** with impressive slate floors and feature fireplace, **Dairy, Kitchen** with granite work surfaces over, oak mounted units, **Living Room** with feature fireplace, **Boot Room** with door to outside, **Utility Room** with slate

floors and WC, stairs to **Study, Family Room** with triple Aga within impressive inglenook fireplace with twin bread ovens, **Drawing Room** with inglenook fireplace and second fireplace, back **Hall, WC**.

On the first floor, **Bedroom 1** is laid out as a generous twin bedroom with **Jack and Jill Bathroom** with white suite including bath with shower over, WC, wash hand basin and heated towel rail all under a light and airy vaulted ceiling. **Bedroom 2** has a second **Jack and Jill Bathroom** with suite comprising bath, WC and feature glass wash hand basin. **Bedroom 3** is occupied as the master bedroom, and has an airing cupboard and built in wardrobes. The **Family Bathroom** has a feature copper bath, oversized shower cubicle, WC, wash hand basin and timber floors. **Bedrooms 4 and 5** have built in wardrobes and drawers.

Accessed from the **Snug Room** is a **Living Room** with a mezzanine loft above and whilst there are currently no water or

drainage services, this has potential to be converted into an annexe taking advantage of its separate external access. There is also potential to make more of a feature of the covered well which lies just outside the rear door.

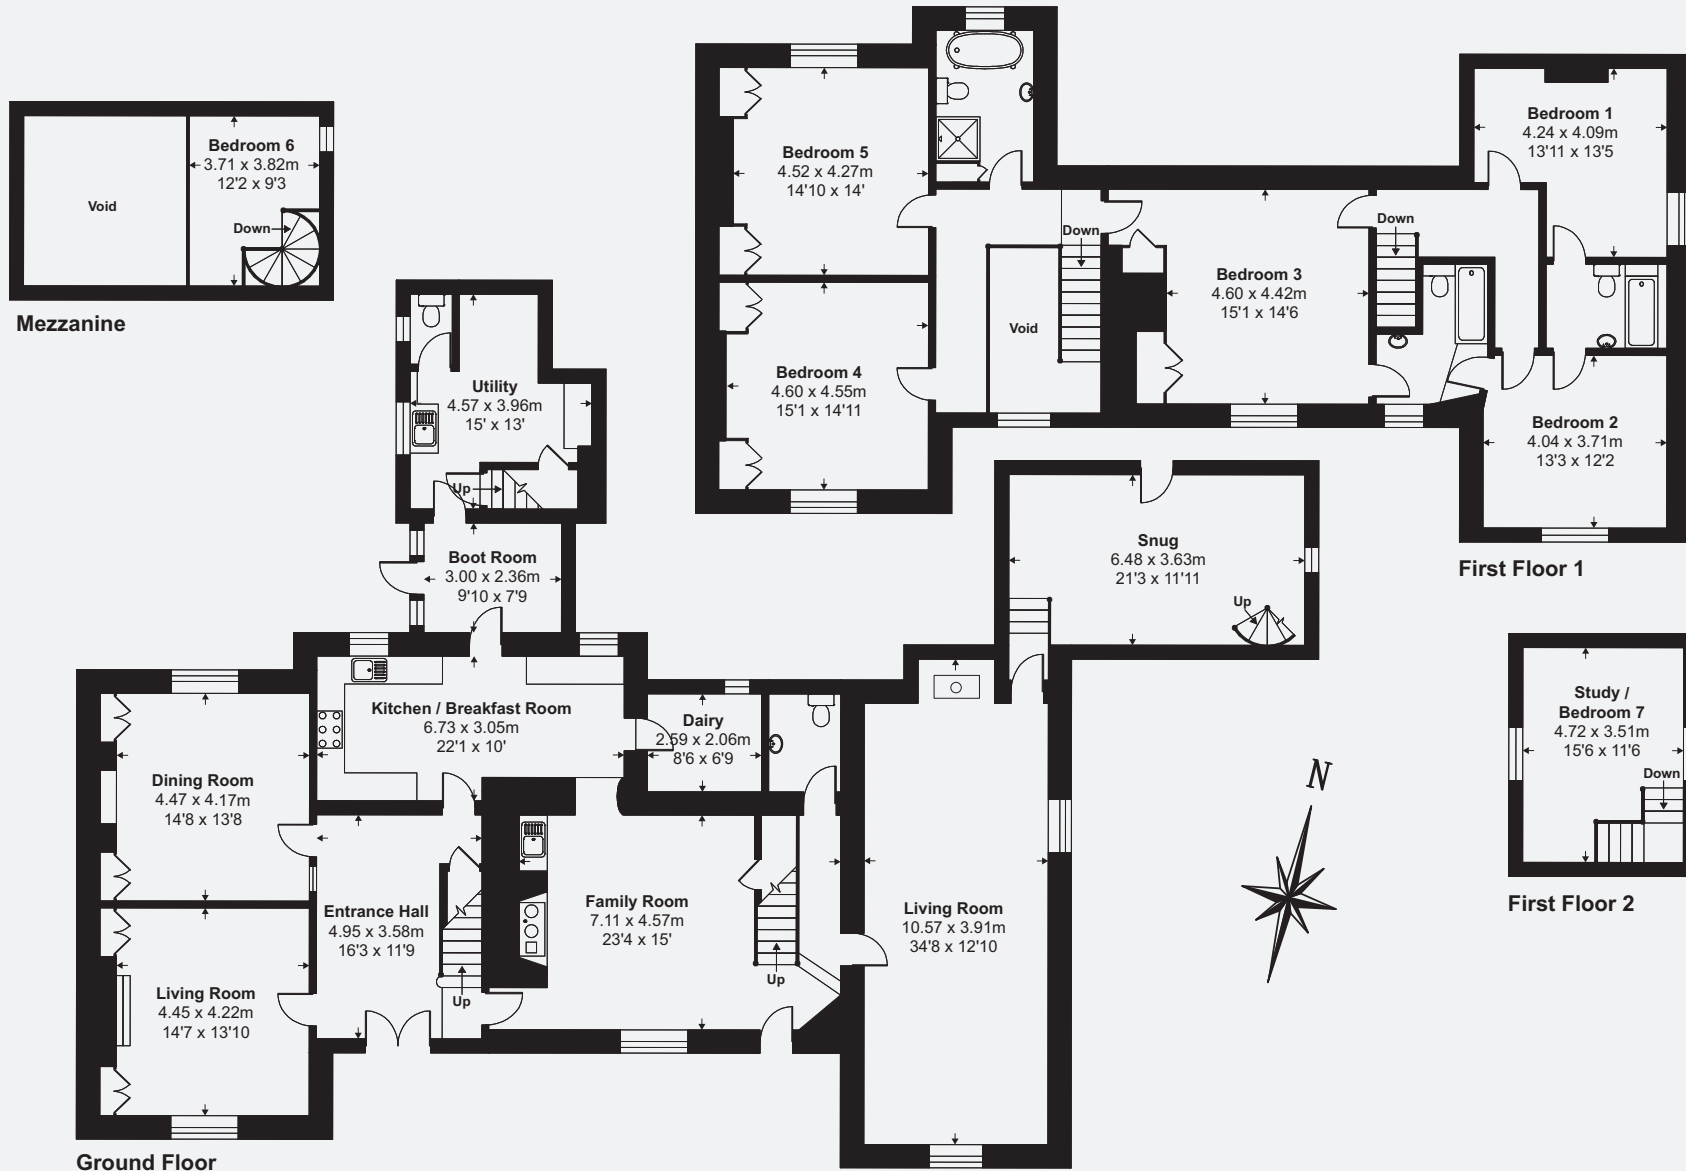

On the opposite side of the parking area is a detached two storey **Annexe/Games Room** that has a number of potential uses, including perhaps a wedding venue (subject to obtaining any necessary consents). It has a functioning bar and cellar and on the first floor, a large decked balcony area overlooking a private level lawned area.

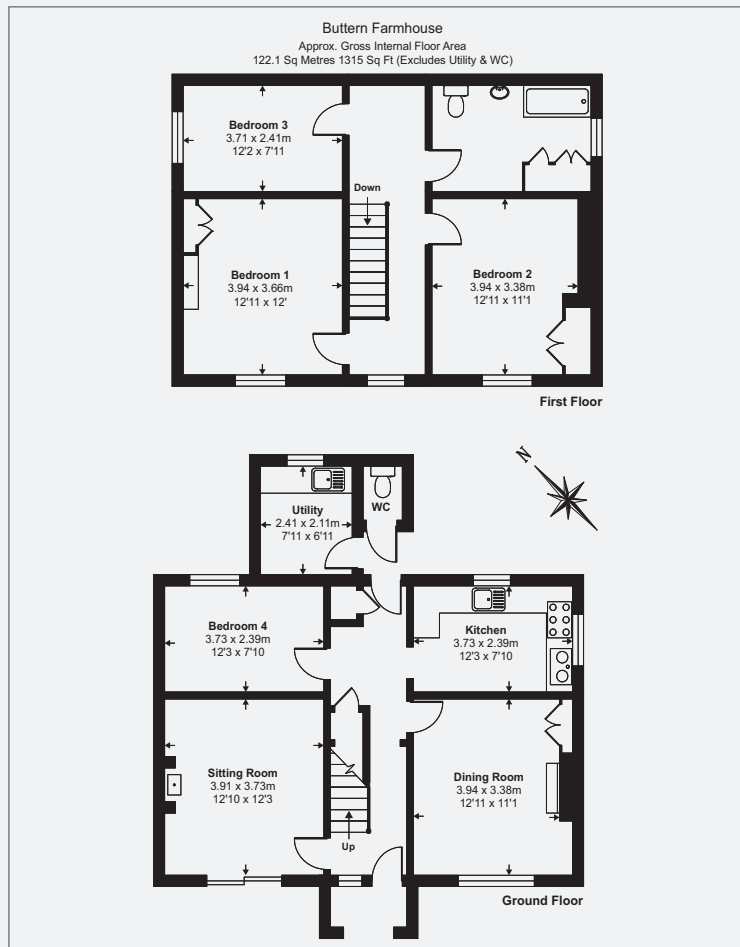

The courtyard of barns, and former water wheel (with potential to be restored), are currently used for stabling and storage, but until recently were partially used as a butchery cutting room. (The remaining cold-stores etc. are included in the sale). There are excellent views from the barns, particularly from the second floor.
