

THE BARN

Chequers Road, Grimston, Norfolk, PE32 1JA

Price £449,950

BROWN & CO

DESCRIPTION

A beautiful three bedroom two level barn style residence with accommodation comprising a full height entrance hall, kitchen opening out onto an open plan living and dining area with double doors opening onto the spacious garden further lounge and both living areas have space for wood burning stoves, study/snug, W.C. and cloakroom on the ground floor together with a galleried landing, three bedroom all with en-suite shower rooms.

Set in the tranquil West Norfolk village of Grimston, the Middle Farm development is an exciting collection of three bespoke, high quality barn style new build homes. The site is situated in the popular village of Grimston which is ideally located to provide access to the North Norfolk Coastline.

This popular village offers a country side setting and lifestyle with numerous walks and village amenities together with close access to conveniences of the large market towns. Grimston is situated approximately six miles East of King’s Lynn and is closely entwined with nearby Congham, Roydon and Pott Row. There are a number of amenities close by including doctors surgery/medical centre, The Three Horseshoes a popular pub serving food, a village store/post office and the Congham Hall Hotel. There is also a well serviced bus route. There are many countryside walks and bridleways nearby, Sandringham Country Park is also close by along with the North Norfolk Coastline. King’s Lynn itself has a wide range of shopping, educational and leisure facilities as well as a direct mainline rail link to London King’s Cross in 1hr 40 mins.

The small development has been designed to create a sense of rural living in various sized barn style new build properties behind a traditional farmhouse. Each of the three dwellings are individual, set around a large shingle courtyard leading to the garage area. There is a mixture of roof heights and ridge-levels providing interest to the site’s overall appearance. To reflect the surrounding countryside and heritage of the area, the properties have been designed with a mixture of rubble effect carrstone elevations, red brick facing walls and stained feather edge horizontal timber boards. The roofs are a traditional style clay pantile.

Air Source Heat Pump provides the heating to the property with underfloor heating and the property boasts UPVC/softwood double glazing throughout.

Leading from the shingle courtyard area are three garages, one for each property, attached to the Forge. The garage for this property is the one immediately attached to the building. The large courtyard will provide and accommodate further parking on an informal basis together with an abundant amount of turning space.
