Manor Cottages is a charming natural stone double fronted semi detached cottage, enjoying a delightful semi rural setting in this small peaceful hamlet. Built just over a 100 years ago, the cottage was extremely well extended in 1998 with matching leaded windows and clay tiled roof and this has helped to make it a very comfortable home in an idyllic setting.

The accommodation consists of an entrance hall with staircase to landing. Off the hall to one side is a useful study/music room. The well proportioned sitting room has its original parquet tiled floor and a log burner in the feature fireplace. Across the back of the cottage the kitchen/dining room has a smart range of oak shaker style units comprising base cupboards and drawers with matching wall cupboards and granite work surfaces together with a its original solid wood door into the rear garden. Beyond this is a useful utility room with Belfast sink and cloakroom with a white suite of low level WC and wash hand basin.

At first floor level the master bedroom has a built in double wardrobe. Bedroom two has a range of fitted wardrobes, there

is a further bedroom, a study/nursery and a smart family bathroom comprising white suite with a 'P' shaped shower bath with a power shower over plus low level WC and pedestal wash basin.

The cottage has the benefit of an oil fired radiator central heating system with a modern outside boiler. The windows to the front are traditional leaded items whilst to the rear they have been more recently replaced with double glazed timber casement units.

The main garden is west facing - enjoying the sun from late morning to the end of the day. On the opposite side of the cottage is a useful gravel driveway with double timber gates opening on to space to park two cars. In the corner of the drive is a very useful outbuilding/studio plus an adjacent wood store.
