A truly fantastic penthouse apartment which was originally interior designed by Edward Philips. The apartment is contemporary in design and has a great light and spacious feel. The loft style open plan kitchen reception room has an amazing double height apex ceiling with

exposed beams. There are three double bedrooms, each with an ensuite bath or shower room. There is flexible living space whereby one of the bedrooms could be used as a dining room or TV room / snug because of its double doors leading to the reception room. This flat is

available early-November on an unfurnished basis.
