

24 Leslie Road, Birmingham, B16 9DX

£1,000 PCM

A truly stunning 3 bedroom family residence just a stone's throw from the city. The traditional terraced property is situated next to Edgbaston reservoir and is deceptively large.

Lovingly converted, the ground floor comprises lounge, downstairs WC, large high spec kitchen with room for a dining table and chairs and a separate utility room with a freezer and space for a washing machine. A door from the utility room leads to a quaint high-walled courtyard style garden with built in seating, great for entertaining and easy to maintain.

Stairs to the first floor lead to a large double bedroom with high ceilings and original fireplace, a single bedroom and a generous bathroom with wet-room style shower facilities.
