Land at South Carlton, Lincoln, LN1 2RP

Introduction

This introduction and particulars are intended to give a fair and substantially correct overall description for the guidance of potential Tenants. No responsibility is assumed for the accuracy of individual items. Please feel free to discuss the property with the Agents directly, in accordance with the letter accompanying this document.

Location and Access

Travelling north on the A15, turn left onto Till Bridge Lane (A1500). After approximately 1.2 miles, turn left onto Middle Street (B1398). Continue for approximately 0.85 miles and the access to the land is on the left. Access to the land shall be taken along the track coloured in yellow on the plan.

Description

The land extends to 54.33 acres (21.99Ha) in total and is split into two field parcels shown outlined red on the plan attached, and includes a small plantation of young trees, hatched blue and an area of grassland (10.27 acres/4.16Ha) which is coloured pink.

Part of the land includes the former point to point race track which wraps around the main field parcels on the northern, western and southern boundaries. As part of the letting, the Landlord approves the cultivation and incorporation of the former racetrack into the arable rotation.

The land is Grade 2 on the Natural England 1:250000 Series Agricultural Land Classification Map. The soil is classified as Elmton 1 series which is shallow lime-rich soils over chalk or limestone. The land has historically grown combinable crops.

The area coloured pink relates to an area of grassland suitable for silage or hay making. The grassland has previously been used by the Landlord (Lincolnshire Agricultural Society) for overflow carparking on show days. Please note that whilst the grassland is included within the tenancy area, it will need to be at the Landlord's disposal between 15th June and 30th September in each year of the tenancy, unless agreed otherwise between the parties.

The Landlord would support the removal of the section of hedgerow between points A and B on the plan accompanying these details, subject their written consent and any other necessary consents being obtained first.

Services

The land does not benefit from any services. No water is available.

Rights of Way

The land is let subject to all existing rights of way, easements, wayleaves etc. The Landlord is not aware of any currently.

Outgoings

The Tenant will be expected to pay for all outgoing relating to the land.

Sporting Rights

The sporting rights are reserved by the Landlord.

Basic Payment Scheme

The land is registered on the LPIS System. 20.78Ha of Basic Payment Scheme entitlements will be transferred to the incoming Tenant upon the commencement of the agreement. The entitlements are to be held in trust by the Tenant and transferred back to the Landlord or a nominee at the end of the letting. The Tenant will need to supply additional entitlements in order to be able to claim over the full area.

Environmental Stewardship

The land is not currently in an Environmental Stewardship Scheme and the Tenant will not be permitted to enter into such a scheme without the prior written consent of the Landlord. The Landlord would, however, support requests from the Tenant for entry into future environmental schemes.

Contracts and Quotas

There are no contracts or quotas available for transfer in relation to this matter.

Subletting

The Tenant will not be permitted to assign, sublet or part with or share occupation or possession of all or any part of the holding.

Viewing

Due to access constraints, please contact the Agents to arrange a viewing in daylight hours only.

Tenancy documents

The tenancy document will be based on the standard Lincolnshire Association of Agricultural Valuers Agreement. A draft agreement is available for inspection at the Agent's office. The tenancy document must be signed before access is taken.
